

MANUAL TEST PLAN

FINAL PROJECT 242-DIPANSHU GUPTA

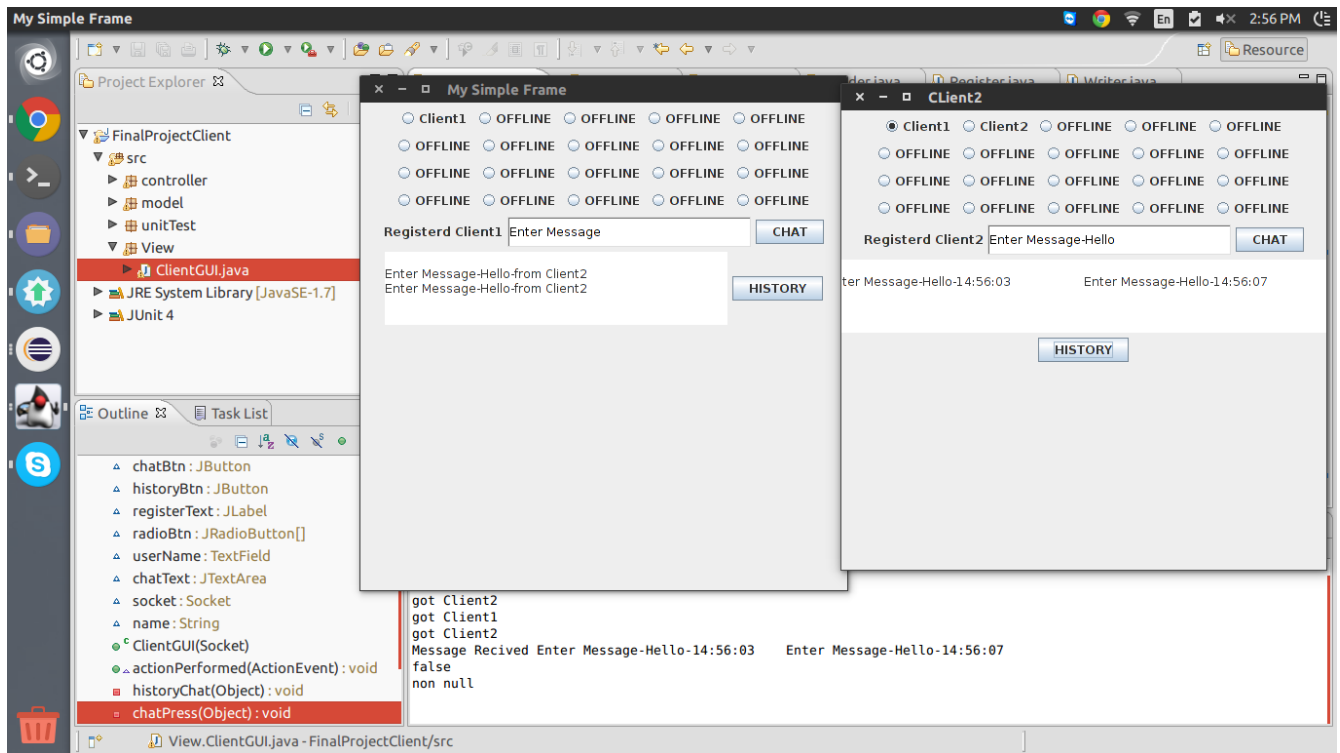

Open both the clients as show. Enter user name and then click register.

This would register the clients and update the radio buttons with available peers to chat with. Select a peer and Enter chat message in top edit text. Click chat to send the message.

To view chat history , select the peer with which you want history and click history to view the previous chats.

If any issues running it Email- dgupta13@illinois.edu
